-----  
Should data center operators invest in solar power in Saudi Arabia?

Saudi Arabia's deserts offer vast potential for solar power, and mega projects like the Al Shuaiba solar plant are expected to contribute gigawatts to the grid. For data center operators, renewable energy is not just a sustainability checkbox; it's a competitive differentiator.

Who is building 2GW al-Sadawi PV project in Saudi Arabia?

Image: Saudi Power Procurement Company Chinese firm Shanghai Electric has won the engineering, procurement and construction (EPC) contract to build the 2GW Al-Sadawi PV project in Saudi Arabia. The project is part of the fifth round of Saudi Arabia's National Renewable Energy Program (NREP) and is located in the Eastern Province.

What is the largest PV project in Saudi Arabia?

Al-Sadawi project is the largest PV project in Saudi Arabia's latest renewables procurement round. Image: Saudi Power Procurement Company Chinese firm Shanghai Electric has won the engineering, procurement and construction (EPC) contract to build the 2GW Al-Sadawi PV project in Saudi Arabia.

How is Saudi Arabia transforming its digital infrastructure?

This growth is driven by multi-billion-dollar investments in AI-ready infrastructure, cloud computing, and digital transformation initiatives. Major data center projects in Saudi Arabia, such as the Desert Dragon Data Centers by ICS Arabia, Neom's DataVolt facility, and Ezditek RUH01 Data Center, are shaping the Kingdom's digital infrastructures.

The Saudi Arabia Data Center Power Market worth USD 286.6 million in 2026 is growing at a CAGR of 16.21% to reach USD 607.28 million by 2031. Schneider Electric SE, ABB Ltd, Vertiv ...

Explore the list of the top upcoming and ongoing data center projects in Saudi Arabia that will play a vital role in the digital transformation of the kingdom.

Flexible, Scalable Design For Efficient 2000kWh 2MWh Energy Storage System. With 1MW Off Grid Solar System For A Factory, Resort, or Town. EXW Price: US \$0.2-0.6 / Wh.

## 2MWh Data Center Cabinets for Saudi Solar Power Plants

Benefit from the data center skills and the digital infrastructure expertise of an innovation-driven leading company to reach high performance levels: Combining relevance and reliability, our ...

MMR provides IT enclosure solutions in Saudi Arabia. Its cabinets, racks, and enclosure solutions provide support and protection for critical IT and facilities.

Saudi Arabia's deserts offer vast potential for solar power, and mega projects like the Al Shuaiba solar plant are expected to contribute gigawatts to the grid. For data center operators, ...

This dashboard shows operational, under development and tendered solar and wind energy projects in Saudi Arabia. You can easily filter the information by year (for both completed and ...

Image: Saudi Power Procurement Company Chinese firm Shanghai Electric has won the engineering, procurement and construction (EPC) contract to build the 2GW Al-Sadawi PV project in ...

Industrial cabinets, enclosures and racks for teams building data centers, solar plants and BESS projects - OEMs, EPCs and system integrators. You're juggling aggressive go-live dates, strict specs ...

Schneider Electric Saudi Arabia. Browse our products and documents for Large Data Centers - Complete, modular physical infrastructure solution above 1 MW that is fast and easy to configure, ...
