BYD FC4680P battery is a lithium iron phosphate battery with an energy density of 129Wh/kg, nominal capacity of 15Ah, and nominal voltage of 3.2V. It supports 0.5C charging and 0.2C ...

Note: These cells have an aluminum positive electrode and must be laser welded into a pack, we can do it for you! Large quantity in stock, BYD FC4680 15000mAh LFP cells, fast shipping by UN38.3, ...

Description Note: These cells have an aluminum positive electrode and must be laser welded into a pack. Specifications: Manufacturer: BYD Model: FC4680 Size: 4680

BYD FC4680P battery is a lithium iron phosphate battery with an energy density of 129Wh/kg, nominal capacity of 15Ah, and nominal voltage of 3.2V. It supports 0.5C charging and 0.2C discharge, with an ...

4680 battery industry-standard size, which facilitates standardized packassembly. Incorporate innovative Laser Cleaning technology and central-tabsdesign to reduce internal resistance.

What Is the 4680 Battery? The 4680 battery is a new kind of cylindrical lithium-ion battery that is designed to power electric vehicles. It gets its name from its dimensions--46 millimeters in diameter ...

Discover BYD 4680 battery with 3.2V 15Ah LiFePO4 cells, 4000 cycles, ideal for EVs, solar storage & electric scooters. CE certified.

Min. 2 x 4680 LFP cell in a box. Brand new 4680 LFP battery. ...

Each battery pack requires a BMS to monitor the voltage of the battery pack and increase the service life of the battery pack. Provide protection against overcharge/over discharge/over current, short circuit, ...

We tailor battery packs to your voltage, capacity, size, shape, discharge rate, and communication needs (CAN, SMBus, etc.), for sectors like EVs, ESS, medical, and more.

## 4680 LiFePO4 battery pack

The BYD 4680 15Ah LiFePO4 cells deliver dependable performance with advanced safety features and strong durability. Designed for long life, they maintain consistent energy output across numerous ...

Min. 2 x 4680 LFP cell in a box. Brand new 4680 LFP battery. Safer LFP battery chemistry. Applicable to electric vehicles, ebike, electric scooter, power tools, consumer electronics... Nickel plating is ...
