It offers energy ranging from 50kWh to 1MWh and covers most of the commercial and industrial application scenarios, such as load shifting, renewable clipping, and back-up power, etc.

The CMG Series offers a solution for Single/Split Phase applications in 120/240V or 120/208V configurations. These systems are available with up to 50kWh of energy storage per unit and can be ...

Equipped with advanced LFP battery technology, this 50kw lithium ion solar battery storage cabinet offers reliable power for various applications, including commercial and industrial energy storage, ...

The BATTLINK 50kWh C& I Energy Storage System optimizes energy use for businesses by reducing costs, enhancing efficiency, and ensuring reliable power. With smart monitoring, modular scalability, ...

This integrated cabinet combines power modules, batteries, cooling, fire protection, and smart energy management in a single rugged unit. This all-in-one outdoor ESS merges power, batteries, and safety ...

Rack Solutions for lower energy storage applications (50kWh, 86kWh racks). Multiple racks can be interconnected for greater storage capacity. Containerized solutions for higher energy storage ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via Ethernet, RS485, ...

50kWh Modular Energy Storage Unit for Microgrids

Introducing our CMG Series MicroGrid Energy Storage System featuring our proven utility and commercial grade MicroGrid Site Controls, Switchgear and LiFePO4 Battery Storage in a compact ...
