Introducing our 50kW / 100kWh high-voltage outdoor energy storage solution designed for commercial and industrial (C& I) applications.

Specializing in research and development of solar panel, lithium battery and BMS. Bluesun product has exported to more than 185 countries and regions since 2022.

The Sunchees 50kW Off-Grid Solar System is a fully independent power solution for homes, farms, shops, and small factories. Built as a standalone solar plant, it includes high-efficiency PV modules, a ...

Designed to support commercial enterprises, this 50kW solar power system generates power during business hours and reduces utility expenses. The grid-tied configuration offers an opportunity to ...

The 50kw hybrid solar system is equipped with a 50kw PCS output and a 100kWh storage system. The capacity of the battery system can also be increased if you need more batteries to provide power at ...

SunWatts has a big selection of affordable 50 kW PV systems for sale. These 50 kW size grid-connected solar kits include solar panels, DC-to-AC inverter, rack mounting system, hardware, ...

The Bluesun 50KW hybrid on-off grid solar power inverter is engineered to deliver high-capacity and reliable power management for commercial and industrial energy systems.

Cooperate with solar panels to form an energy-saving and green photovoltaic storage system, making it easier to build an independent energy storage system for residential and commercial use.

Each package provides perfectly matched components - efficient solar panels, a durable LiFePO4 battery, and smart charge controller - designed for hassle-free setup and dependable power right out ...

50kWh outdoor solar power hub with large capacity

These Solar Panels are BiFacial with Double Glass. Bifacial technology enables additional energy harvesting from rear of panel (up to 25% more). These will produce more power output in weak light ...
