What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Are outdoor cabinets weatherproof?

Outdoor Cabinets Direct manufactures outdoor cabinets and outdoor kitchens that are 100% weatherproof. Our outdoor cabinets are made from high quality, High Density Polyethylene (HDPE) 3/4? polymer material. Originally produced for the yacht industry, Seaboard polymer will not rust, rot, corrode, mold, mildew, or de-laminate outdoors.

Who is open air outdoor cabinetry?

Open Air Outdoor Cabinetry is a family-owned business based in Olyphant, PA. All of our products are made in America, and our raw sheet material is sourced from a local provider. We work with dealers across the country to provide unique outdoor cabinetry solutions that will stand the test of time.

What are AP minifort® weatherproof enclosures?

Our compact, lightweight AP MiniFort® weatherproof enclosures offer flexible mounting options -- pole, ground, or wall installation -- and provide cost-effective protection for virtually any outdoor telecom application. This multifunctional outdoor enclosure offers integrated side, front, and rear access.

Weather resistant cabinets safely store and protect outdoor inventory items from harsh weather conditions.

More than 100 airports around the world now handle at least 10 million passengers each per year; nearly half of these are in the United States.

The list of airports in the United States is broken down into separate lists due to the large number of airports. The lists include public-use and military airports in each U.S. state and territory.

Find the nearest international airport near a destination city or look for smaller local airports to fly into.

AZE understands that you need more than a cabinet that offers a large line of secure, weather-tight outdoor cabinets, designed to house and protect a wide range of electronic equipment.
