Factory: For factories with higher energy consumption, the 50kw hybrid inverter and 40kw hybrid inverter can significantly lower operational costs and ensure production continuity during grid outages.

PT GUNA ELEKTRO Jl. Arjuna Utara 50 Jakarta Barat 11510 INDONESIA +62-21-565 5010 info@gae.id
Products Highlights Projects Downloads

This integrated solar hybrid inverter integrates photovoltaic, energy storage and grid management, providing reliable backup power, achieving energy independence and having strong grid support ...

100/150kW high voltage all-in-one hybrid inverter for commercial application, supporting up to 600kW system capacity. Industrial and commercial scenarios: Reduce peak demand charges and ensure ...

Explore ATESS's high-efficiency hybrid inverters and all-in-one energy storage systems that integrate PV inverters, charge controllers and batteries for seamless solar power conversion and storage.

Based in Shenzhen, China, ATESS has a sophisticated and automated manufacturing plant. Ever since the company was founded in 2017, its products have been installed in over 85 countries around ...

Explore ATESS's high-efficiency hybrid inverters and all-in-one energy storage systems that integrate PV inverters, charge controllers and batteries for seamless solar power conversion ...

Atess Hybrid Inverters, available in capacities of 30kW and 50kW, are instrumental components in photovoltaic (PV) systems. These advanced inverters are designed to efficiently manage the flow of ...

100kW three-phase all-in-one hybrid inverter of ATESS is tailored for medium commercial and industrial applications. Its 4-in-1 design (inverter + charge controller + energy management + ATS) delivers all ...

Experience uninterrupted power with our medium C& I solution, featuring the HPS30/50/100/120/150 series

Atess hybrid inverter factory in Jakarta

hybrid inverters with programmable modes and seamless on/off-grid transfer within just 10 ms.

Expert in solar energy storage, ATESS offers energy storage solutions & EV charger solutions and delivers clean power to more than 85 countries, with 13 offices and warehouses worldwide.
