What is the best solar generator for home backup?

If you're searching for the top solar generator for home backup, then the EcoFlow DELTA Pro is the overall tight option for you. With its high-capacity 3600Wh battery, 15 versatile output ports, and rugged build, this solar generator is engineered to keep your fridge, medical devices, lights, and internet running when the grid goes down.

Where can I buy a solar generator?

Get the EcoFlow solar generator at Amazon (1 solar panel), Lowe's (solar panels sold separately), The Home Depot (solar panels sold separately), or EcoFlow (1 solar panel).

What makes a good solar generator?

Solar generators need to keep the power coming in and going out. The best solar generators can simultaneously charge all your intended devices via whatever plugs are necessary. Any portable power station worth your money will have a high output capacity so you can charge many devices, even if they require a lot of juice.

How do I choose the best solar generators?

To pick the best solar generators, we tested some of these power stations for charging capacity, ease of use, weight, and different use cases. Some picks were reviewed by Popular Mechanics test editor Brad Ford, who provided input for the larger-capacity units.
