With extensive experience and innovative technology, this home battery delivers ...

These cabinets are designed to store and manage lithium-ion batteries used in electric vehicles, allowing for quick and efficient battery swapping as an alternative to traditional charging methods.

20-120kWh modular battery storage system for commercial, solar, and backup applications. Scalable, high-voltage solution with LiFePO4 safety and BMS.

The 120 kW automatic switching cabinet integrates STS-based control, protection, and monitoring functions to enable safe and automatic grid-connected and off-grid operation works with energy ...

BITEAN intelligent battery swapping cabinet is designed to solve the slow charging and charging safety problems of low-speed electric vehicle, and solve the transportation capacity problem for people who ...

With extensive experience and innovative technology, this home battery delivers reliable backup power during emergencies. It features a modern design, high energy, and power density, a long lifespan, ...

Our battery exchange cabinets employ advanced automatic identification, positioning, and battery replacement technologies, enabling users to replace the battery in just a few minutes, greatly ...

Dynamic capacity increase: energy storage equipment is used to replace the capacity of transformer in peak period to help customers reduce and reduce the expansion cycle and cost of transformer ...

Key Features  
oQuick battery-swap  
oData monitoring  
oEfficient operation  
oAnti-Theft Tracking  
oIntelligent management  
oSafety protection  
oPerformance guarantee  
oProfessional customization

Innovate the modular battery swap mode of "vehicle and electricity separation". Relying on intelligent battery compartment, Internet of Things real-time monitoring system and cloud energy dispatching

# Battery swapping station cabinet 120kWh

Our custom battery swapping cabinets are at the heart of a fully integrated system, combining real-time battery tracking, performance analytics, and automated energy management.
