Where can I buy network racks & cabinets?

Graybar has a great selection of network racks and cabinets to fulfill the needs of your infrastructure. ZIP code to view pricing. error This item must be ordered in quantities of {0} {1}.

Are network cabinets compatible with server cabinets?

Our network cabinets seamlessly interface with server cabinets, creating a cohesive infrastructure that simplifies power distribution and monitoring. Compatibility with standard 19-inch rack units ensures that server rack cabinets and network racks can be installed side-by-side.

What size server & network cabinets are available?

With the most extensive array of sizes ranging from 42-52RU, heights of 600mm to 800mm (23.62" to 31.5"), and depths of 36" to 54", providing server and network cabinets that meet any specific requirements.

What is a network cabinet?

Networking cabinets tend to have a wider footprint with additional interior space along both sides for cable management. Inside of network cabinets allows easy access to cables and equipment and may have removable doors and/or side panels. Cables can be organized with cable management accessories in the front or back of the cabinets.
