---

Provider of batteries and energy storage systems. It offers lithium ion based battery packs and phosphate battery for green mobility and energy power storage system.

When you think of lithium battery production, Croatia might not be the first country that comes to mind. But here's the twist: this Adriatic nation is quietly building a niche in cylindrical lithium battery ...

The Zagreb lithium battery energy storage project demonstrates how smart energy solutions can power sustainable industrial growth. As battery costs continue to decline and efficiency improves, now is the ...

Advanced technology will position Croatia on the map of European countries investing in battery development, thus making Croatia competitive in the field of development and production of energy ...

Phasebit is a premier manufacturer of lithium batteries in Croatia, specializing in in-house production of BMS systems and innovative energy solutions. Our expertise extends to ...

The foundation of our business is expert team of engineers and energy consultants with many years of experience in the power industry, renewable sources and energy storage systems.

Founded by Mate Rimac and headquartered in Zagreb, Croatia, the European-engineered venture leverages its parent's electric vehicle expertise to deliver efficient, reliable battery systems and ...

With advanced lithium-ion battery technology and intelligent control system, our eBESS battery container offers a scalable and modular energy storage solution that is easily expandable as energy ...

Phasebit is a premier manufacturer of lithium batteries in Croatia, specializing in in-house production of BMS systems and innovative energy solutions. Our expertise extends to inverters, DC-DC ...

## Croatian professional manufacturer of energy storage lithium batteries

The company specializes in a variety of starter batteries, including lead-acid and LiFePO<sub>4</sub> technologies, and highlights the importance of maintaining battery charge during storage to extend lifespan.
