Consumers need to be equipped with the knowledge to spot fraudulent offers and make informed buying decisions. This article explores common scam tactics, how to avoid them, and tips ...

Colorado's energy department recently busted Operation SunSnare, where fraudsters sold "portable solar generators" containing nothing but car batteries and dollar store LED strips.

Solar energy and other high efficiency home improvements can help reduce energy consumption and lower utility costs for homeowners. As going solar or using clean or renewable ...

They exist. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend there aren't any and there's nothing to worry about.

Find out the trustworthiness value of a website (powered by MyWOT) so you can easily identify untrusted and potentially unsafe websites. We scan the website with multiple domain blocklist ...

Scams are unfortunately common in the solar industry. Learn more about some of the most likely scams you may face when trying to go solar.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading claim.

Summary: My Free Power Blueprint offers misleading plans to build an energy generator. The scam appears to be a copy of the magniwork perpetual motion scam. It claims magnets and magnetic force ...

What is a credible solar generator company. I am looking to get one for my 2500 sq ft home and don't trust the internet much anymore when buying anything so thought this community might have some ...
