NextEra Energy has filed a request with the US Federal Energy Regulatory Commission seeking to reclaim interconnection rights that were previously transferred from the shut down Duane ...

Solar panels await installation at the Duane Arnold Solar Project on July 1 near Palo. The solar farm should be operational by the end of the year. Vegetation will be planted around the...

Google and NextEra plan to restart the Duane Arnold Energy Center by 2029 to supply carbon-free power to Google's AI operations.

Despite being shut down, the plant was never fully dismantled. The reactor has been defueled, with all nuclear fuel secured in an on-site dry storage facility.

Duane Arnold Solar PV Park IV is a ground-mounted solar project which is planned over 1,460 acres. The project is expected to supply enough clean energy to power 40,000 households.

This has prompted an increasing amount of interest in not just renewable energy sources such as solar and wind power, but also led to plans and announcements surrounding reactivation of ...

Solar panels await installation at the Duane Arnold Solar Project on ...

Under the 25-year agreement, Google will purchase a significant portion of the plant's output as a 24/7 carbon-free energy source to power its cloud and AI infrastructure. The remaining ...

NextEra looks to nuclear power and renewables to serve data center customers, as well as a potential pipeline of gas-fired generation. The company has advanced discussions to add 9 GW ...

It is located on a 500-acre (200 ha) site on the west bank of the Cedar River, two miles (3.2 km) north-northeast of Palo, Iowa, USA, or eight miles (13 km) northwest of Cedar Rapids, Iowa. DAEC started ...

Duan Solar Power Plant

Iowa's Duane Arnold Energy Center is about to be an intersection of atomic power, high-speed computing -- and tornadoes. That's because Google is working with NextEra Energy to ...
