What is the Enphase Energy System?

The Enphase Energy System helps people make, use, save, and sell their own power. This includes our industry-leading app, which provides unprecedented data and control in the palm of your hand.

Who is Enphase solar?

Founded in 2006, Enphase transformed the solar industry with our revolutionary microinverter technology, which turns sunlight into a safe, reliable, resilient, and scalable source of energy to power our lives.

What makes Enphase a great company?

Enphase is putting people and their power at the center of our shared energy future. Our company values show up in how we work together, how we perform, and how we all get rewarded. We listen to our customers and measure our success based on their feedback. We take action to deliver the best customer experience.

How many microinverters has Enphase shipped?

Enphase has shipped approximately 81.5 million microinverters, and approximately 4.8 million Enphase-based systems have been deployed in more than 160 countries, helping millions of people gain access to clean, affordable, and reliable energy while creating good jobs and a more carbon-free future for everyone.
