---

Single cluster fine control, no parallel on DC side. 15 years life, 8,000 cycles.

EFFICIENT AND DURABLE Industry leading LFP cell technology up to 10,000 cycles with high thermal stability Liquid cooling capable for better efficiency and extended battery life cycle Higher energy ...

HyperCubeC& I: liquid-cooled outdoor cabinet for C& I--intrinsicly safe, up to 91% efficiency, plug-and-play install, scalable expansion.

Discover the benefits and applications of liquid-cooled energy storage cabinets. Explore advanced cooling and efficient power solutions.

As energy storage demands grow, so does the density of battery cells within a cabinet. Advanced liquid cooling allows for these compact, high-density designs without compromising on ...

These advanced systems are designed to meet the growing demands for high-performance energy storage while ensuring optimal operating temperatures, even in the most ...

Patented outdoor cabinet protection design, optimised cooling air ducts, protection against dust and rain; front and rear doors open for maintenance, facilitating side-by-side arrangement of multiple systems ...

Huijue's Energy Cabinet for industrial, commercial & home use. Combining efficiency, safety, and scalability, it meets your power needs with optimized usage and real-time monitoring.

The "all-in-one" design integrates batteries, BMS, liquid cooling system, heat management system, fire protection system, and modular PCS into a safe, efficient, and flexible energy storage system.

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It

# Haibosic liquid cooling energy storage cabinet

combines top-tier LiFePO<sub>4</sub> cells, advanced liquid cooling, and AI-powered safety features to ensure ...
