---

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ...

Our core team brings 15+ years in renewables and container manufacturing. From system design to factory testing, we size and deliver SolaraBox Mobile Solar Containers that meet site needs reliably ...

What is a fire proof storage container?Our fire proof storage containers are fully tested and certified as REI 120 in accordance with the current European standard EN 13501-2 and allow you to store ...

Our product range covers residential solar systems, commercial energy storage, and innovative folding photovoltaic storage container products, designed for flexible deployment in diverse environments.

Whether for shipping, on the construction site or in the warehouse - solar module containers offer reliable protection for photovoltaic modules and optimize the entire logistics process.

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly aluminum rail system, ...

Discover folding solar containers with solar panel integration, ideal for off-grid living. Features steel structure, 5-year warranty, and fast installation.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar arrays, reducing reliance ...
