Does LG have a solar energy storage system?

In September 2022, LG Electronics launched the Home 8 residential energy storage system, an AC-coupled battery with a built-in inverter. LG's home batteries provide all the standard advantages of solar batteries, including backup protection against grid outages, time-of-use load-shifting, and greater energy independence.

Is LG a good battery storage company?

LG is one of the leading companies in the home battery industry. While most homeowners are familiar with LG's electronics and home appliances, fewer are aware of the industry-leading home battery storage products that LG offers.

What is LG Energy Solution?

LG Energy Solution is a subsidiary of parent company LG Chem, which has extensive experience manufacturing lithium-ion batteries. LG Chem supplies battery packs for some of the most popular electric vehicles in the world, including the Chevy Bolt.

Why should you choose LG Energy Storage?

Get around-the-clock sustainable power you can count on with home energy storage or commercial energy storage solutions engineered by LG Electronics.
