-----  
What is a seafold container?

In maritime operations, SeaFold containers deliver substantial cost savings for one-way cargo shipments through more efficient loading and unloading procedures. Their design allows for additional stowage space on mainline and feeder vessels, which in turn reduces the vessel's time in port.

Are foldable containers a good idea?

Yes. It's that simple. It's true, all the big shipping lines and shippers have seen the full potential of our foldable containers. Cutting out inefficiency in the supply chain and hitting corporate sustainability goals as well. It's time for you to take responsibility.

What is a collapsible shipping container?

Shippers are demanding improved efficiencies and sustainability throughout their supply chains. COLLAPSECON is the collapsible shipping container pioneering the future of global trade. It's practical and rigid design saves on space, cost and handling, and helps to significantly reduce industry emissions.

Will the seafold 40 reduce the cost of repositioning containers?

With over 20 percent of all ISO containers returning to their port of origin empty, the SeaFold 40' has the potential to cut the cost of repositioning containers by 56 percent, storage space by 80 percent, and carbon emissions by up to 70 percent.

The repositioning of empty containers is one of the most complex problems in global freight distribution today. There are few balanced trade routes and larger ocean vessels have increased the need for ...

When collapsed, a bundle of five SeaFold containers accommodates the same slot as one standard 40" HC container. Folding and storing the SeaFold container is quick and safe, with ...

SEA BOX, Inc. specializes in the design, custom modification and manufacturing of ISO shipping and storage containers, refrigerated containers, containerized shelters, modular building systems, and ...

COLLAPSECON's innovative and fully automated design allows up to 4 containers to be collapsed and combined, giving them a fully laden weight and enabling them to be transported anywhere on a ship.
