Explore StackRack's modular battery systems for residential, commercial, and utility-scale projects. Offering expert design, engineering and project management.

Looking to deploy an enterprise-grade ESS cabinet for commercial facilities, factories, EV charging, microgrids, or industrial parks? Wenergy provides fully integrated, outdoor-rated ESS cabinets using ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...

Modular liquid-cooled energy storage cabinet for microgrids and small industrial zones. Provides stable power and high efficiency under harsh environments.

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Outdoor battery cabinets with an IP65 rating are engineered to provide robust protection for battery systems in demanding environments. The IP65 designation signifies complete protection against ...

AZE's all-in-one IP55 outdoor battery cabinet system with DC48V/1500W air conditioner is a compact and flexible ESS based on the characteristics of small C& I loads.

Through mechanical waterproof design and rubber strip sealing, we ensure the integrity of the waterproof structure for outdoor enclosures in various environments, increasing product durability ...

The Wattainer Liquid-Cooled Series features high-performance, liquid-cooled batteries housed in modular cabinets. This advanced liquid-cooling thermal management system results in better battery ...

Modular battery cabinet for Mexican microgrids

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.
