# North American solar cabinet Two-Way Charging

The answer is a resounding no - because NACS is simply CCS in disguise. The NACS is a CCS charger at its core: both adhere to ISO 15118 and DIN 70121 - the protocols that serve as the ...

Quick Take: Connector and Protocol Are DistinctHow NACS Came to Challenge CCSInitial Reactions to NACS NewsInteroperability Is Second-To-NoneThe NACS is a CCS charger at its core: both adhere to ISO 15118 and DIN 70121 - the protocols that serve as the foundation for next-generation EV charging. This means that NACS is compatible with bidirectional charging. The NACS connector is physically smaller, combining the same two primary pins for both AC and DC charging. Drivers ca...See more on dcbel.energyMissing: solar cabinetMust include: solar cabinettrailer tripole solar outdoor cabinet two-way charging dismount | etrailerBrowse through our comprehensive selection of tripole solar outdoor cabinet two-way charging dismount to pinpoint the perfect solution for your needs.
