These cabinets are UV-resistant aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

By employing door-mounted integrated air conditioning, it doesn't take up space within the cabinet. This improves the available cabinet space, enhances the integrity of the top structure, and ensures better ...

Our outdoor control cabinets have been specially developed for outdoor installation and offer reliable protection from the weather and frost. They can be placed directly next to the septic tank.

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet. It delivers clean, ...

The Solar Wastewater Treatment Plant harnesses solar energy to power a full water treatment system, making it ideal for off-grid or environmentally-conscious facilities.

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

The Sunway 50kW/100kWh Outdoor Energy Storage System integrates high-performance lithium iron phosphate batteries, modular PCS, intelligent energy management, and a robust power distribution ...

Our energy storage cabinet systems provide efficient solutions for commercial and industrial (C& I) applications, including battery storage, outdoor cabinets and solar systems, ensuring reliable ...

Solar Refrigeration Cabinet Uses solar energy--either through photovoltaic (PV) panels or solar thermal systems--to power refrigeration for food and medical storage.

Photovoltaic outdoor cabinet for sewage treatment plants AC

Discover the advanced 100KW-215kWh Outdoor Cabinet Energy Storage System with air-cooled technology. Ideal for peak shaving, backup power, and enhancing renewable energy use in industrial ...
