Where can I find the best server racks & cabinets?

RackSolutions has been manufacturing high quality server racks and cabinets for over 20 years. Whether you need a single rack at home or a thousand in a data center, you'll find the best that money can buy right here. On this page, you can filter through popular models which can be customized further in their product pages.

Where are server racks made?

Since 1999, we have provided server racks, cabinets, and enclosures that continuously satisfy our customer's high standards and are Made in the USA! Our IT products are flexible and compatible with all rack mount servers or other electronics, to adapt to changing needs.

What is a standard server rack?

Standard Server Rack A standard server rack is often quite a bit cheaper than more robust versions, but these are still long-lasting durable high quality racks designed for deployment in any data center in the country.

What size machine room should a data center rent out?

Data centers rent out machine room areas of 60'x110 cm or 80'x120 cm (for deep server racks). This area can accommodate a server and peripherals with a total power of no more than 20 kW. For companies that operate a fleet of their own IT hardware: racks, servers, uninterruptible power supplies, PDUs - the rental cost is reduced.

How much does a server rack cost? A full rack averages 3-5 kW or \$300-\$1,000 monthly. Hence, high-performance environments using 10-20 kW of power may spend between ...
