Why should you choose Powerplus cabinets?

There are enclosures to suit outdoor or indoor installations. Strong steel cabinets with a high quality powder coating finish promote durability and security whilst being well-suited to protected environments like garages, sheds and other enclosed spaces. Like to choose Australian made? Rely on PowerPlus cabinets to protect your next system.

Why should you choose a container energy storage system?

Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable integration, backup power, and off-grid energy supply. Why Choose a Container Energy Storage System? All-in-One Power Solution - Integrated battery storage, inverter systems, and control units in one secure container.

What are pre-wired cabinets?

Our pre-wired cabinets minimise the time required to install batteries and inverter equipment on-site. Ranging from small battery enclosures to cabinets, including gear trays you can pre-build and test in the workshop, simplifying site installation. Suitable for protected environments, our Rack cabinets make the most of the available floor space.

Why should I choose a pre-wired cabinet?

Make your installation simpler when you compliment your batteries with a pre-wired cabinet built with high quality Australian components. Our pre-wired cabinets can be infinitely scaled by paralleling them, giving you the ability to have small and large systems to suit different needs. There are enclosures to suit outdoor or indoor installations.
