Discover Solar GEM[®], a prefabricated, mobile solar solution designed for off-grid energy needs. Scalable, robust, and ready-to-deploy worldwide.

WAEV, the maker of the popular GEM neighborhood electric vehicle, has just announced a new solar panel option that turns the roof of its EVs into a convenient energy source.

Anaheim, Calif., April 26, 2023 - Harness the power of the sun to charge your GEM electric vehicle with new, high-efficiency and fully integrated solar panels. The thoughtfully designed, custom-fit panels ...

To access additional data, including an interactive map of global solar farms, a downloadable dataset, and summary data, please visit the Global Solar Power Tracker on the Global Energy Monitor website.

The PV-GEMS system is designed to significantly cut home energy costs and offers the possibility of operating during power outages, making it a resilient, reliable, and affordable heating, ...

GEM EV solar panels are made with high-efficiency photovoltaic (PV) cells. These high-quality solar panels feature ETFE encapsulation resulting in little required maintenance and resistance to the ...

The mission of SOLARGEM is to distribute accurate and relevant information regarding solar photovoltaic systems while providing our clients with unmatched service, integrity and competency ...

The Global Solar Power Tracker is composed of worldwide facility-level data on utility-scale (1 MW+) solar photovoltaic (PV) and solar thermal facilities, as well as country-aggregated distributed (<1 ...

Discover GEM Solar's innovative products for your solar energy needs. Learn about our solar panels, inverters, and more, designed for efficiency and reliability.

Meet the strategic partners who help deploy and support Solar GEM[®] solutions around the world --

Solar Photovoltaic GEM

from Sub-Saharan Africa to Europe and beyond.
