What voltage is used in Timor Leste?

In Timor Leste, power plugs and sockets (outlets) of type C, type E, type F and type I are used. The standard voltage is 220 V at a frequency of 50 Hz. Timor-Leste, also known as East Timor, is a small island nation in Southeast Asia.

What type of plug does Timor Leste use?

Timor Leste uses a standard voltage of 220 volts and a frequency of 50 Hz. The country utilizes four different plug types: C, E, F, and I. Plug type C features two round pins, while plug type E, also known as the "Schuko" plug, has two round pins with two earth clips on the side. Plug type F is similar to type C but also includes two earth clips.

Do I need a travel adapter for Timor Leste?

If you are traveling to Timor Leste with electronic devices that use a different plug type, you will need to bring a travel adapter. You can purchase travel adapters at most electronics stores or online. It's important to note that plug types C, E, and F are all compatible with each other.

Are there universal sockets in Timor-Leste (East Timor)?

That is why many homes have universal sockets that are usable with many different types of plugs. What is the mains voltage in Timor-Leste (East Timor)? Just like in most parts of the world, the voltage in Timor-Leste (East Timor) is 230 volts and the frequency is 50 Hz.

Before you travel, check the information below to make sure your electronic devices are compatible with the outlet type and voltage. Timor-Leste (East Timor) uses outlet types C, E, F, I at a voltage of 220V ...

Ideal for both indoor and outdoor use, this robust battery solution ensures uninterrupted backup power supply while seamlessly integrating with various inverter systems.

Designing robust outdoor power supply systems for Timor-Leste requires balancing technical specifications with environmental realities. By adopting modular designs and advanced battery ...
