In 2022, the Timor-Leste selected Alcatel Submarine Networks (ASN) as turn-key supplier for the TLSSC project. In September 2023, the Timor-Leste Government signed a US\$1.4million contracted ...

The network consists of 85 base stations situated in hospitals and health centres throughout the country and mobile HF communications installed in 11 ambulances.

We have signed the company's largest-ever contract to date, valued at A\$5.7 million, to deliver four cable landing stations for the East Micronesia Cable System (EMCS).

Satellite earth station - a communications facility with a microwave radio transmitting and receiving antenna and required receiving and transmitting equipment for communicating with satellites.

The main station is Radio Timor Leste, broadcasting in Tetum, Portuguese and Indonesian. Other radio stations include Radio Kmanek, and Radio Falintil, and Radio Renascen&#231;a, while there are also FM ...

What is the "one port" project in East Timor?Equally significant is the &quot;One Port&quot; project. The Tiba Port project, constructed by China Harbour, is located 10 kilometers west of the capital Dili. The main ...
