All the household appliances work on AC but the power generated from the Solar Panels is DC. To convert this power to AC Solar inverters or Mobile inverters are used.

Solar inverters last 10-15 years on average, with microinverters and power optimizers often lasting 20+ years. Heat, quality, installation, and maintenance heavily influence lifespan.

This article will discuss the top 7 inverter manufacturers in Cameroon that supply or provide installation services for their products in Cameroon.
