From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...

The Outdoor Battery Cabinet offers versatile energy storage with capacities of 1MWh, 5MWh, and 10MWh. It features Lithium Iron Phosphate cores, IP54 protection, intelligent cooling, and fire safety ...

Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage ...

High Efficiency: The system supports photovoltaic and energy storage in combination with charging solutions, providing a flexible and scalable approach to renewable energy storage.

Cooperate with solar panels to form an energy-saving and green photovoltaic storage system, making it easier to build an independent energy storage system for residential and commercial use.

As a professional manufacturer in China, produces both energy storage cabinets and battery cell in-house, ensuring full quality control across the entire production process.

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

Wenergy provides fully integrated, outdoor-rated ESS cabinets using LiFePO₄ technology with modular

Wholesale of 10MWh Outdoor Photovoltaic Energy Storage Cabinets for Sports Venues

design and robust safety architecture. Our solutions are engineered for long-term operation, scalable ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...
