Can energy storage cabinets be paralleled?

Cabinets can be paralleled to keep up with changing energy demands. When future power needs are unknown, there is plenty of space to expand your energy storage system with 18 battery rack mount slots. Have a big domestic or commercial energy storage project? Our biggest cabinet on offer will support you with space for up to 20 batteries.

Are rack cabinets IP21 rated?

IP21 Indoor Rated All Rack cabinets are IP21 rated meaning they are protected from touch by fingers and objects greater than 12mm and from condensation. Suits Battery Expansion As needs or budget allow, it is easy to add another battery to the system. Plugging a new battery in and altering a few settings on your inverter is all that is needed.
